**18/04** Good Friday, school closed and start mayvacation until monday may 5. First day at school after mayvacation may 6

*Tip: In Social Schools, under calendar, you can also find important activities and days off for the upcoming period.*

### Start spring tickle week

During the week of March 31, "Spring Awareness Week" will once again take place at school. The purpose of the week is to introduce our students to the topic of relationships and sex education.

As a school, we have a mission to teach children about friendship and love. About relationships, setting boundaries and that

there are differences between people (diversity). As people we do not have to agree on everything, but it is important that we respect the other and treat them equally. So that we can live and act together in a positive way.

There is also a lot of diversity at our school. Think of differences in beliefs, cultures, ethnicities and the like. The school is thus actually a mini society where the children learn from an early age that everyone is equal and belongs, even if we have different opinions.

In previous years we organized times when parents could see the teaching materials. Also now you are welcome to see it should you feel the need. You can contact the teacher of your child. The teacher also knows which lessons will be offered in the group. If you have any concerns about those lessons you can also inform the teacher directly.

### Results of the Doorstroomtoets

Last week the results of the Doorstroomtoets, of our grade 8 students, came in. How proud we can all be of our students! They did very well!

### Parent's morning april 10

Another parent morning will be organized by the OKA on Thursday, April 10. The topic will be shared via Social Schools by Margareth Mulder. It might be good to keep this moment free. The parent meeting starts at 8:45 am. Please feel free to hang around after dropping off your child. We will keep you informed when the topic is known.

### Support from parents

As you will see in the calendar, we have a lot of field trips in the coming weeks. We are very critical of what we participate in and how we use our educational time. Sometimes there are activities outside of school. These are good for the students because it also expands their environment. They may get to places they would not otherwise go. However, we do need support from parents. The teachers always approach you through Social Schools. The request to keep an eye on the agenda of Social Schools and see if it is possible for a parent to accompany the children. Thanks to all parents who have helped to make this possible..

### Parent's morning: Solving conflicts peacefully

On Wednesday, March 12, we had a parents' morning on peaceful conflict resolution. We also shared information about the use of our student mediators. Unfortunately, the turnout was somewhat disappointing. Glad that the parent who

did attend appreciated it. We do think this is an important topic. So next school year this will come along again. We hope for a larger turnout. It is for the development of our children most powerful if we as a school and parent together and can connect in how we work.

### Schooldentist

As you have seen in the calendar, the school dentist will be visiting school again. This will start again on Monday, April 7.
